The international project Inclusion of Roma and Migrants in Schools: Trainings, Open Discussions and Youth Volunteering Activities (RoMigSc) is coordinated by ISSBS, Slovenia, and CSIG, Italy is partner in the project. The project also involves partners from Germany, Spain, Macedonia and Turkey. In the frame of the project, **seminars & trainings are organised with interested stakeholders** in partner countries each year (2017, 2018, 2019). **In 2018** we organise in Italy seminar for volunteers **in Taranto** (13 March); while national seminar for different stakeholders & trainings for teachers will be organized **in Naples** (National s. - 15th May; Teacher t. - 15th and 16th May).

- Although (multicultural) diversity is an opportunity to make schools more inclusive, creative and open-minded, inequality in education is the highest among Roma and migrant children. For instance, this group is more likely to drop out from compulsory education, leading to higher risks of social marginalization, to a failure to integrate and, ultimately, to poverty, which has long-term adverse effects on the social development and economic growth of the host country.
- The engagement of youth in volunteering is fostered in the project. Volunteering plays a significant role in youth's social inclusion. It allows youngsters to engage as citizens, as well as to gain experience, which can enhance their employment opportunities.
- Target groups:
 - Teachers in schools with Roma and migrant children, Roma school assistants;
 - Volunteers (students);
 - Stakeholders: policy-makers in the area of education, representatives from local authorities, volunteering organizations, directors of schools at different levels, academics and researchers in the area, etc;
 - Migrant and Roma children and their parents.
