# Suggestions for improvements (1)

# Suggestions for improvements (2)

## Suggestions of new contents & methods:

## Suggestion for improvements (3)

- I would like to have a **field practice after a study then come back with a report and presentation**
- **Actividades o dinámicas**
- **Ejemplos del trabajo educativo** de otras entidades y así **craer redes**
- **Aportaciones de otros campos como la antropología** a la hora de tratar conceptos complejos como la diversidad cultural

## Suggestion for improvements (3)

- malo bolj **natančna predstavitev o vključevanju Romov in migrantov v šole**, oz. več natančnih informacije, **kje točno potekajo v šolah in kako poteka, do kdaj se lahko vključiš...**
- **análisis de la realidad**, introducción, una fundamentación, metodología y actividades ...
- inserire **casi di studio**
- **las mujeres solemos aparecer infrarrepresentadas**, tanto en las presentaciones escritas como en el lenguaje oral, se suele trabajar en masculino (aunque ya se vió que mayoritariamente éramos mujeres)..
- en cuanto a la teoría, aunque es interesante, sería adecuado en **ahondar en la teoría para trabajar con las personas en riesgo de exclusión social...**
- ya a un **nivel más específico** del grupo que se quiere tratar....
- **dodatni gostje** kot so migranti... predstavniki šol
- el evento podría ser mejorado si se dedicaran **más días, tipo un dia de teoría y otro de práctica...**
- que **no se hagan sesiones muy teoricas** porque puede llegar a aburrir a la gente que acude...
- **mayor trabajo en equipo**, menos teoría y más práctica.... **más tiempo del seminario...**

## Main challenges

- Improvements of the content (case studies)
- Including other guests
- Including more practical work
- Searching for & engaging participants
